

Everything  
but the  
Enclosure

**Company Presentation**

## On Site Worldwide

- Present in 46 countries
- 9 production sites
- 1,400 employees
- Sales 2012: 135 Mill. €\*

Velbert, Germany

- Injection moulding
- Bending, punching and stamping
- Central warehouse & logistics

Wuppertal, Germany

- Zinc and aluminium die casting
- CNC-processing
- Friction welding

Wuppertal, Germany

■ Technology centre

Henriville, France

- Production of keys and cylinder locks

Bourré, France

- Stamping and bending technology

Birmingham, UK

- Salt bath rubber profiles extrusion

Arnedo, La Rioja, Spain

- Rubber profiles (UHF)
- PVC profiles

# Goražde, Bosnia and Herzegovina

- Injection moulding
- Zinc die casting
- Production of gaskets
- Tool engineering/ production

Goražde, Bosnia and Herzegovina

■ under construction

Middletown, USA

- Stamping and bending technology

Tianjin, China

- 
- Stainless steel precision casting
  - CNC-processing
  - Central warehouse Asia

# Sales

## Product Range

Latches

Hinges

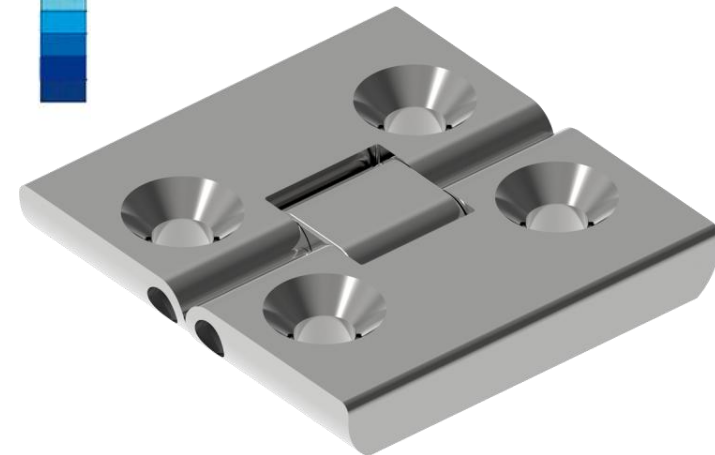

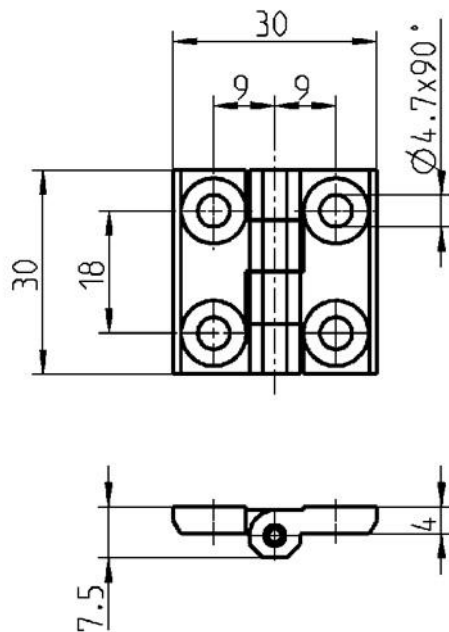

Gasketing

Accessories

# Unique Production Depth

■ From the idea to the product

# Production from A to Z

- Strong manufacturing expertise
- Large variety of materials
- State of the art production

# Own Technology Centre

PROTOLAB

- Development and Design
- Engineering / Prototyping
- Test Labs
- 22 employees

Industry

Transport

Business Units

Electronics

Production

## Industry

- Extensive portfolio for industrial cabinets and enclosures
- More than 15,000 single articles

Industry

- Solutions for control cabinets

Industry

- Solutions for air-conditioning (HVAC)

Industry

- Solutions for machinery and plant engineering

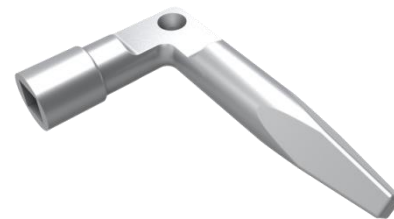

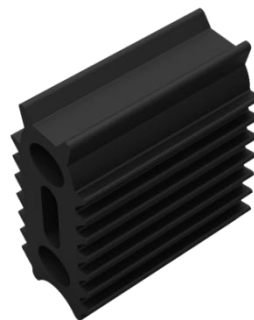

# Transport

- Locking technology for rail and road
- Meets safety standards

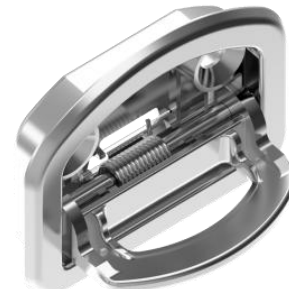

# Transport

## ■ Solutions for rail

Transport

■ Solutions for road

Transport

- Solution for shipbuilding

Transport

- Individual solutions
- For every requirement

# Electronics

- Electromechanical latches
- Access control and monitoring

# Electromechanical latches for all installation situations

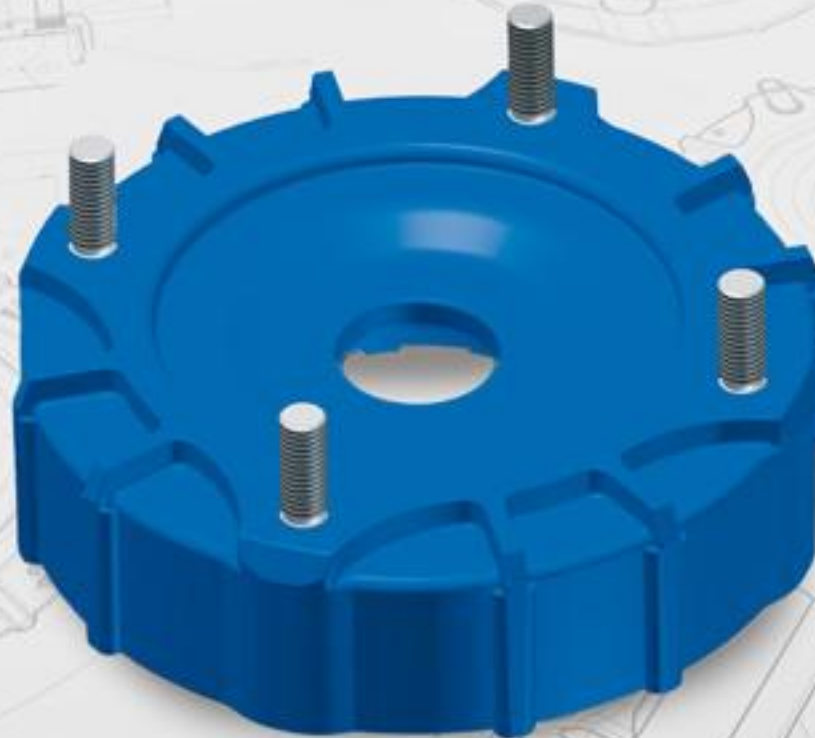

- Handles with integrated keyboard
- With or without emergency opening
- Single or multi-point locks
- Universal locks

# Production

- Own tool and mold construction

# Production

Aluminium die casting

Aluminium forging

In cooperation with  
the ILS Speth GmbH.  
A member of the  
EMKA Group.

Friction welding

Zinc die casting

■ Taylormade solutions

Production

Extrusion of profiles

Injection moulding

Stamping, bending and forming technology

Stainless steel precision casting
